

North Ferriby Football Club – Safeguarding Policy

Policy Statement

North Ferriby Football Club (the Club) is committed to ensuring the safety and wellbeing of all individuals involved in its activities, particularly children, young people, and vulnerable adults. The Club recognises its duty of care to safeguard everyone from harm, neglect, or abuse, and will take all reasonable steps to promote safe environments where participants can enjoy football in a positive and inclusive manner.

We consider the following relevant UK legislation

Children Act 1989: Established the principle that the welfare of the child is paramount, and introduced duties on local authorities, courts, and other agencies to take necessary steps to protect children from harm.

Children Act 2004: Strengthened the 1989 Act by placing a legal duty on organisations to cooperate in safeguarding children, promoting multi-agency working. It also introduced the concept of a Local Safeguarding Children Board (LSCB).

Safeguarding Vulnerable Groups Act 2006: This Act established the **Disclosure and Barring Service (DBS)**, which is responsible for vetting individuals working with children and vulnerable adults. It ensures that those who are unsuitable to work with these groups are barred from doing so.

Protection of Freedoms Act 2012 : Introduced reforms to the criminal records checking system, including the operation of the DBS, ensuring that individuals working with children and vulnerable adults undergo appropriate background checks.

Equality Act 2010: This Act promotes equality and protects individuals from discrimination, harassment, and victimisation. Safeguarding policies must consider the diverse needs of children, young people, and vulnerable adults, ensuring everyone has equal access to protection.

Human Rights Act 1998: Protects the rights of individuals, including the right to life (Article 2), the right to be free from torture and inhumane treatment (Article 3), and the right to a private and family life (Article 8), all of which are critical to safeguarding.

Data Protection Act 2018 & General Data Protection Regulation (GDPR) - Ensures that personal information, particularly sensitive data about children, is managed and protected appropriately. This is especially relevant when handling safeguarding reports or records.
